Story You will find yourself on a ferry surrounded by sea waves, your main goal is to survive, to get everything necessary for life from the sea. And along the way, you have to fight sharks swimming in the sea, predatory fish really much, so you have to try hard so you don't die, especially at first when your raft is small and vulnerable. FeaturesPlay first of all pleases your realism, you want to eat and drink so that all his needs must be met regularly, if you can't, the person simply dies. Interestingly executed resource mining, you have a long rope with a hook at the end with which you have to catch passing resources, the latter is a lot. But in general, these are not useful fragments, which are still useful for expanding the raft. But sometimes really useful things that can be useful to you to improve your character's life. Agree, all of the above is enough to make clear survival on the ferry: Handicraft in the ocean is perfectly possible. But these aren't the only significant benefits of the game, here because there was a perfectly created craft system, you can build a raft, expand it and share it much more impressively. And create all kinds of materials that you need for a comfortable stay. You need both tools, weapons and clothes. Guns are probably the first thing you need because sharks swim almost constantly, and sometimes they start experimenting with building you with a tooth. Especially interesting was the production of drinking water, because do not forget that your character regularly needs water, while you can not drink seawater, so you need to regularly think about where you can get water. Features survival on the raft: Crafting in the OceanPlay can please with detailed graphics, the world turned out to be in detail, the latter concerns sharks, huge predators are really striking, they turned out to be completely alive. The game turned out to be very versatile the longer you play, the more unusual things you can see here. Control proved convenient and practical, whether it's hook manipulation or the buildings you need on the ferry, you can cope with all the tasks without significant problems. In addition, the game was perfectly translated into Russian.
